BIG CROWD AT KURTEN

Educational Rally Was Held Yesterday—Splendid Addresses—Farmers' Union Meeting To-day.

Prof. T. W. Parker, Prof. R. O. Allen, Mr. J. Webb Howell and others from this city attended the Educational Rally yesterday at Kurten preliminary to the session of the Brazos County Farmers' Union quarterly meeting, which will be held there to-day. There was a large crowd present and great interest was manifested.

Prof. D. J. McDonald was in charge of the day's program and delivered a hearty and cordial address of welcome, setting forth the purposes of the program. County Superintendent T. W. Parker and Prof. R. O. Allen of Allen Academy spoke in the interest of the constitutional amendments relating to public schools, to be voted on at the fall election, and designed especially to improve the condition of the rural schools.

Prof. W. C. Welborn of the A. and M. College made a fine talk on agriculture and agricultural training in the public schools. The session of the Farmer's Union will be held to-day with President I. M. Cook of Step Hollow presiding.

OXFORD AND CAMBRIDGE RACE

London, April 3.—Tomorrow, for the sixty-fifth time, the crews of Oxford and Cambridge universities will engage in a contest for supremacy over the famous Thames course, from Putney to Mortlake. The public is manifesting the same lively interest in the event as in previous years. Today the banks of the Thames were lined with people to witness the final practice work of the two crews and to draw a line on their condition. Cambridge is a slight favorite in the betting though Oxford has many followers willing to back their judgment with money. The race is fixed to start about 3:30 p. m. The distance is about four miles and the best time is 18:47, made by Oxford in 1893, and equaled by Cambridge in 1900.

STRANGE SUICIDE REASON

Woman Drowns Because Canine Met Untimely End.

Millville, N. J., April 3.—Brooding over the death of her pet dog, Mrs. Hanna Willis threw herself into the Richmond mill pond near her home and drowned.

Several weeks ago while Mrs. Willis was crossing a railroad track a train struck and killed her pet. The shock so unnerved her that her physician feared for her reason.

HENNECKER CHOSEN.

New Jersey Man Selected Permanent Chairman of Populist Convention.

St. Louis, April 3.—The first clash of Friday in the Populist convention came on the report of the committee on permanent organization, which recommended that George A. Hennecker of New Jersey, be made permanent chairman.

W. B. Jones of Nebraska moved as a substitute to the report that the temporary organization be made permanent.

Mr. Coxe asked that the motion be withdrawn, saying he desired to divide honors with the east. Mr. Jones declined to withdraw his substitute and the convention worked itself into a parliamentary tangle which ended by a roll call on the adoption of the substitute. The original motion was adopted and Mr. Hennecker elected permanent chairman.

Mr. Hennecker made an address of considerable length, in which he vigorously attacked the courts of the country, under whose rulings, he declared, many gross injustices have been committed. He attacked the Democratic party for the conduct of President Cleveland in the railroad strike in 1894, and the Republican party for sending troops to Idaho during the miners' strike. He deprecated the industrial situation of the country and declared an opportune time for a revolution was the present.

DEMONSTRATIONS MADE.

Seventy Anarchists Have Been Taken Into Custody at Italy's Capital.

Rome, April 3.—A general strike has been proclaimed as a protest against the fatalities in connection with the disorders on streets here Thursday, when the troops fired on and killed three rioters and wounded fifteen others. Four were mortally injured. The strike so far has not been very successful, especially in the center of the city. Most of the shops are open, although shutters have been put up as protection against possible rioters. The government has taken energetic measures to restore order.

Several demonstrations were made throughout Friday, but they were rapidly broken up by troops. Seventy anarchists who have gathered at the headquarters were taken into custody.

By noon the movement became more general. Drivers of mail wagons were escorted by cavalry. One man injured Thursday died.

FINE MEETING SCHOOL BOARD

Superintendent and Faculty of both the White Schools Present—Report From Supt. Lawson—Addresses.

The regular meeting of the school board yesterday afternoon turned out to be a general school rally with members of the board, Supt. Lawson and the entire faculty of both of the white schools present. Prof. Lawson made a report on his trip to Washington, and much valuable data he gathered. Prof. Kinnard made an excellent talk on the good of the schools and President Hall addressed the meeting and offered congratulations upon the harmony, unity and progressiveness manifested throughout the city schools.

MANY PILGRIMS IN ROME

Rome, April 3.—The approach of Holy Week finds Rome rapidly filling with pilgrims representing the Roman Catholic church throughout the world. Owing to the celebration of the papal sacerdotal jubilee this year the number of pilgrims is expected to be the largest in many years.

A big pilgrimage is organizing to come from France, and to its members the Pope will deliver an address concerning the conditions of the church in France. Another pilgrimage, large in size, is now on its way from the United States, and to it the Vatican authorities will pay special attention. Still other pilgrimages are expected from Germany, England, Austria, Hungary and other countries of Europe.

On account of these pilgrimages Holy Week will assume unusual splendor in the Eternal City, because the Pope will himself officiate in the Sistine Chapel, and Cardinal Rampolla in the Vatican Basilica, of which he is the archpriest. It is expected that both shrines will be crowded with foreign visitors. In fact, there is already an unprecedented demand for tickets of admission.

JOHN BOYD STILL LIVES.

Execution Deferred Until Mandate Arrives.

Austin, April 3.—Governor Campbell has granted thirty days' respite to John Boyd, the La Grange negro, who was sentenced to hang Friday. The respite was granted to await the mandate from the United States supreme court.

Hon. Jake Wolters, attorney for the Guarantee Life Insurance company of Houston, is here preparing for the suit of his company against the insurance department. The company is seeking the right to do a bond and special contract insurance business.

President Harrington of the agricultural and mechanical college is here on business with the state printer. He reports everything running smoothly at the college and that student work is progressing. He stated that some members of the alumni were talking of another affair that may come up during commencement, but that he has no apprehensions concerning it.

FIRE FAILS TO FRIGHTEN.

"Put It Out," Said a Calm Person, and the Comedian Obeyed.

Chicago, April 3.—Fire on the stage failed to frighten a Chicago audience, though the appearance of the blaze was not on the programme.

A big audience sat in the Majestic theater as Charles Mack was singing "Come Back to Erin." The comedian lit his pipe, a part of the head of the match flew to the side of the stage and almost immediately a piece of light scenery was flaming.

The audience perceived it and a calm voice in the gallery was heard saying, "put it out."

The singer ran over and stamped out the blaze. No one left the house because of the incident.

MAN'S QUEER CONDUCT.

Enters Roman Catholic Cathedral and Arrays Himself in Robes.

New York, April 3.—Charged with malicious mischief and intoxication, June J. Fesset of Brooklyn was locked up in a police station, where he was taken after being arrested behind the altar rail in St. Patrick's cathedral. Entering the sanctuary unobserved Fesset, it is charged, arrayed himself in priestly garb, dragged the costly vestments about the floor and defied capture for ten minutes, with two prayer stands, wielded as clubs. An altar boy noted the man's actions and approached him and was seized and half smothered beneath a pile of silk and lace robes laid out for the service. Hearing the boy's cries, several persons ran to his assistance, but fell back when Fesset armed himself with a pair of heavy oak staves. With the assistance of a policeman he was finally overpowered and captured.

Capital Stock Increased.

Austin, April 3.—The Olive & Meyers Manufacturing company of Dallas has filed an amendment to its charter increasing the capital stock from \$300,000 to \$350,000.

In addition to the five Reports of Condition that are published and the two Personal Examinations made by Special Officers each year,

The City National Bank

Believes firmly that All National Banks should be required to Publish their list of Stockholders for the guidance and advice of Depositors.

A national Bank with a responsible list of Shareholders—all home people—all well known—all identified with the best interests of the Town and County in which the Bank is located should naturally receive preference over a National Bank with shareholders scattered all over the State, many of them with no interest in the town or county, save to draw their dividends and take the money from your midst.

Our list of Shareholders have been published from time to time and every Dollar of our Earnings has been kept at Home and today is being loaned to our Farmers and Merchants.

We would be glad of an opportunity to do business with You, come talk it over with us.

The Eagle is authorized to announce the following candidates for the offices indicated at the ensuing City Election, Tuesday, April 7th, 1907:

For Alderman:

A news item says the German government is thinking of establishing a petroleum monopoly. If they can raise the money why not buy Standard Oil?

The press ought to be good to Senator Jeff Davis of Arkansas; he manufactures more news than any other man of equal capacity and opportunities.

A political party is useful and valuable only as a means of carrying out the principles for which the party stands. Loyalty to party therefore also implies loyalty to principle.

The chairman of the Democratic committee of Uvalde county has announced that there will be no 2nd of May primary in that county. His reason is that the Democrats there are at peace with one another and do not wish to stir up strife.

In boring for artesian water one mile north of Lufkin at a depth of 1300 feet a flow of oil was struck, and the price of land in the vicinity has gone up from \$2 and \$3 to \$500 per acre according to information received at Houston and published in the Post.

An Englishman claims to have invented an electric cannon that will throw projectiles three hundred miles, and the English ordinance experts confirm the claim. If there is no mistake about it, all our battleships will soon go to the scrap heap for naval construction will be revolutionized.

The Paris Advocate has hit upon the best plan that has yet been suggested for improving the public roads. It is that every young man provide himself with a split log drag and invite his best girl to take rides on it as often as circumstances permit. Now if the girls all second the motion it will be carried unanimously and every road will soon be a thing of beauty and a joy forever.

LEE YOUNG OF STEPHENVILLE.

Farm and Ranch readers have for months enjoyed the piquant paragraphs by Lee Young published in our columns. Mr. Young is a farmer by choice and by birth, and a lawyer by profession. He is one of the plain people, a man who lives close to the soil and sees the beauty in common things. Born on his father's plantation on the banks of the Brazos river in Brazoria county in 1853, he received his education in the schools of Texas, studied law in Texas, married in Texas and has been a real Texan all his life.

He was admitted to the bar in Brazoria county in 1876, but removed two years later to Stephenville, where he has since resided. In 1884 he was married to Miss Crow, a native of Hico, Hamilton county, Texas, who resided in Stephenville.

His natural love for agriculture and stock raising led to investments in those lines, and of late years his time has been largely taken up with looking after his farms and ranches. He has manifested much interest in agricultural and industrial education, and has been an active worker for the introduction of agricultural courses in the common schools.

He writes of farms and farm topics because they appeal to him and his heart is in agricultural work. He will continue to contribute to the columns of Farm and Ranch from week to week.—Texas Farm and Ranch.

This same Lee Young is one of the gentlemen named by the anti-Bailey democrats at Waco as a candidate for delegate-at-large to the Democratic national convention at Waco.

In regard to the paramount issue in the campaign William J. Bryan thus expressed himself in his speech at Richmond: "A number of questions will be paramount in this campaign, some say the trust, some say the tariff, some say the labor question, and some say imperialism. I reconcile all these statements by saying that there is a question that is everpresent everywhere: 'Shall the government be dominated by favor-seeking corporations or run by the people for the welfare of the people?'"

The people of a community have a right to differ about religion and politics and every communicant of a church or adherent of a party ought to give his loyal support to whatever will promote the objects of his organization. But love of the brethren should never degenerate into narrow sectarianism nor party fealty into intolerant factionism. The common good of all should be the primary object of every citizen.

"Grandma" Risinger, who died Monday in the Greenbrier community of Madison county, was the mother of sixteen children, eight of whom survive. She was, moreover a consistent christian and a kind neighbor and friend. The value of such a woman's life cannot be estimated in dollars and cents.

ANOTHER BOMB EXPLODES.

Oil refinery on the Caney river near Bartlesville, Okla., will soon start up. It will have a daily capacity of 1,000 barrels and storage capacity of 2,500.

Several buildings, including the postoffice and general merchandise store of Moorefield & Hunt, burned at Burnham, Dewey county, Oklahoma.

Grain office at Hooker, Okla., of H. Pauls was destroyed by fire. The losses include the burning of \$180 in paper money and \$1,800 worth of valuable papers.

EDWARD EVERETT HALE IS 26.

Washington, D. C., April 3.—Rev. Dr. Edward Everett Hale of Boston, chaplain of the United States Senate, was eighty-six years old today. He celebrated the day quietly, though he was kept pretty busy receiving the congratulations of countless friends and admirers. Dr. Hale continues in good health, and physically and mentally he appears to be as vigorous as he was a decade ago.

Dr. Hale long ago established his reputation as one of America's brightest literary lights. He can look back with pleasure to warm personal friendships that he enjoyed with Longfellow, Emerson, Lowell and other New England literary celebrities of a generation ago. He also knew most of the public men of half a century ago, including Webster, Lincoln and others.

STRAUS SPEAKS IN SAVANNAH. Savannah, Ga., April 3.—Secretary Straus of the Department of Commerce and Labor received an enthusiastic welcome on his arrival in Savannah today. Tonight he was the guest of honor and the principal speaker at a banquet in celebration of the twenty-fifth anniversary of the Savannah board of trade.

To one who appreciates the dignity of human nature and takes pride in the development and high achievements of mankind there is nothing more discouraging or distressing than hero worship. It is only as the representatives of great principles that any man ever was or ever can be great.

FINE ANIMALS CREMATED.

Thirty-Four Mares and Eleven Colts Are Consumed in the Flames.

Lexington, Ky., April 3.—Although several officers of Fayette county are assisting Charles H. Berryman, manager of James B. Haggin's great Elmendorf farm, to thoroughly investigate the cause of the fire which destroyed the barn and thirty-four mares, all but two in foal, and eleven colts, not the slightest clew to the guilty persons has been discovered.

Mr. Berryman is confident that the fire was incendiary. He refuses to give out names of the mares burned.

CASHIER ARRESTED.

Charged With Taking a Considerable Sum From His Employers.

New York, April 3.—Daniel R. Delaney of Brooklyn, cashier for the law firm of Henry E. Coe & Co. of this city, was arrested at Mountandale, Sullivan county. He is charged with taking \$26,000 of the firm's funds.

At the office of the firm it is said that Delaney disappeared Nov. 20, and he is charged with misappropriating funds of the firm and forging and falsely endorsing checks.

The boy was suffocated as he slept, his father being frightenedly burned in an attempt to save the child's life.

American Consul Dies.

Berne, Switzerland, April 3.—James Jeffery Roche, American consul at Berne, died here after a long illness. Mr. Roche was appointed in April, 1907. Previous to that he was American consul at Genoa. Mr. Roche was born in Ireland in 1847 and appointed from Massachusetts.

AN APPRECIATIVE LETTER.

Mr. J. Allen Myers has received the following letter referring to the death of Mr. Jas. Oliver. The business relations they sustained brought about a warm personal friendship between Mr. Oliver and Mr. Myers:
Mr. South Bend, Ind., March 26, 1908.
Mr. J. Allen Myers,
Bryan, Texas.

Dear Sir:

As you have already learned from the newspapers, the company has recently experienced an irreparable loss in the death of our Mr. James Oliver, and upon going through the papers in his desk we found your letter of September 3rd, 1907, not opened. This letter was received at a time when Mr. Oliver was confined to his home seriously ill and he was unable to attend to any correspondence, and in some way it was overlooked. We regret this oversight very much as we know the high esteem in which Mr. Oliver held you, and he often spoke of you as the "Biggest agent that we had in Texas," and how much he appreciated the good work you had done for him. We know very well now glad Mr. Oliver would have been to hear from you on the occasion of his eighty-fourth birthday and we regret exceedingly that your letter was not read to him.

Again thanking you for writing and assuring you on our own account of our appreciation of your loyalty to the Oliver line, we beg to remain,
Yours truly,
Oliver Chilled Plow Works.

I am offering all my cut glass this week at cost strictly. M. H. James. 103

THIRTY-SIX MEN DROWN

Torpedoboot Destroyer Cut In
Two by Cruiser.

DONE AS IF WITH A KNIFE

Those Who Went Down With Tiger
Were Enveloped In Heavy Oilskin
Clothing and Had on Boots, Having
No Time to Remove Garments.

Portsmouth, Eng., April 3.—Thirty-
six men, including Lieutenant Middle-
ton, commander of the torpedoboot
destroyer Tiger, lost their lives in a
collision off the Isle of Wight Thurs-
day night between that vessel and the
British cruiser Berwick.

The vessels belong to the Ports-
mouth division of the British home
fleet and were engaged in night man-
euvers in the channel while on their
way to Portland. The night was very
dark and the Berwick was steaming
slowly. When the destroyer attempted
to cross the big cruiser's bow she was
caught amidship and cut in half with
knife-like precision, sinking almost
immediately. The deck crew, who
were dressed in heavy oilskins and
boots, went down with the vessel, not
having time to free themselves from
their heavy encumbrances. Of the
twenty-two men who were rescued
most of them were engineers and
stokers, who, having on light clothing,
were able to keep themselves afloat
until boats from the other ship, which
were immediately launched, picked
them up.

The collision occurred at 8:10
o'clock. The vessels were maneuver-
ing without lights. It is believed sev-
eral men were killed by the impact.

Tugs were dispatched to the scene
of the disaster at daylight and divers
made attempt to recover the bodies of
the men who drowned.

UNDESIRABLE ALIENS.

Effort Being Made to Locate These
People and Deport Them.

New York, April 3.—A goodly por-
tion of the detective force of New
York City is busy helping the United
States secret service bureau locate
all aliens in the city who may be
found undesirable and who may be
deported.

"There has been no arrests thus
far," said Chief Flynn of the New
York secret bureau, "but police and
secret service men are working to-
gether weeding out such people as
we can get hold of and stamp as of
the unfit sort."

"There is no chance of our deport-
ing Berkman or Emma Goldman. The
former has been here too long and
the latter is the daughter of an Ameri-
can citizen. Emma Goldman's father
took out his naturalization papers,
and it is highly improbable she can
be sent out of the United States."

MITCHELL OFFERED POSITION.

Owing to State of His Health Unable
to Accept the Same.

Washington, April 3.—John Mitchell,
former president of the United Mine
Workers of America, called on Presi-
dent Roosevelt Friday. On leaving
the white house he said the president
had offered him the position of special
commissioner to study and report
upon labor conditions in the Panama
zone.

Mr. Mitchell said he was not able
to accept the offer, as it is necessary
for him to recover his health before he
can take up work of any kind. He
said he had no settled plans, every-
thing being dependent upon his health.

Women and the Theater.

The first aim of the modern play-
wright is to please the women in the
audience. The second thought is for
the female characters in the play. If
a play finds favor with the women it
is bound to be a success. The men
will go if only because she is there or
to act as her escort.—Theater Maga-

MAGOON PROTESTS.

Insists There Is No Need of Yellow
Fever Quarantine of Cuba.

Havana, April 3.—In connection
with the establishment of a quarantine
against Cuba by the United States
Major J. R. Kean of the medical corps
has given Governor Magoon twenty-six
reports from army surgeons in dif-
ferent parts of the island. These re-
ports stated there is no yellow fever
and no need of a quarantine.

Governor Magoon sent the reports
to Washington in support of his pro-
test against the action of the United
States marine hospital service.
